Sat 25th LNOPF

Tue 28th General Meeting 7.30pm

Sat 29th LNOPF

August 2026

Sat 1st Field Trip

Keeping you up with the dates of NOSSA

If you have dates/events that you would like to circulate to the NOSSA membership you are welcome to let us know at nossa.seeds@gmail.com.

The screenshot shows the PeopleFirst Community Lottery website. At the top, there's a navigation bar with links: Buy Now, Group Login, Resource Page, FAQs, and About. Below this is a large banner for a ticket sale. The banner text reads: "Tickets now on sale! Total prize pool worth over \$300,000!". There's a "Buy now" button and a note that tickets can be purchased online with debit card only (Visa and Mastercard). To the right of the text is an image of a white Toyota Kluger Hybrid, labeled "1st Prize Toyota Kluger Hybrid". Below the banner is a section titled "Find a community group" with a search bar. The search bar contains the text "NATIVE ORCHID SOCIETY OF SOUTH AUSTRALIA" and a "Search" button.

Go to [People First Community Lottery](https://www.peoplefirstlottery.com.au) - Type in NATIVE ORCHID SOCIETY and select the number of tickets your wish to purchase. All funds go to NOSSA (or your nominated group). Main lottery closes 8th October 2026. There are heaps of good prizes with the last one having a value of \$600! #####

Did you know that NOSSA has a joint project, titled Native Corridor, on Torrens Island? We are working to remove the many weeds between our site's front gate and the that of the Quarantine Station, and then replant it with local native plants and native orchids. You can participate as an individual, as part of a team, or as a family group to work your own plot, grow the native plants or help set up the plots/pathway/plans. If you are interested - please contact nossa.seeds@gmail.com and we will keep you up to date via seeds email.

#####

OSSV has secured Dr. André Schuiteman to give a Zoom talk on 10th August 8.30pm EST "Are they mad? Why do taxonomists keep changing genus names and will it never stop?"

This talk will be of interest to all orchid growers who want to know why this change has been suggested and it will address all the concerns, objections and misunderstanding which persist today. If you would like the details on how to register please contact nossa.seeds@gmail.com so the information can be sent to you.
