Wed 30th LNOFF

Keeping you up with the dates of NOSSA

#####

A big shout out to those that helped with the NOSSA Show last weekend. Thank you if you provided plants for sale or display, helped pack, set up, sell, chat, door keep, set up video displays, road signage, pack up, move orchids to Torrens Island and anything else last weekend. We greatly appreciated your contribution. **Thank you**

Next General Meeting – 7.30

The speaker is Sam Chesson – Fire – Environmental Assessment and Monitoring

The Orchid Club of SA show is this coming Saturday at Gaza/Klemzig oval Klemzig. Would welcome any assistance on the day. Contact nossa.facility@gmail.com if you are interested.

Our next open day is Saturday 26th of September, 9.30 – 2.30.

The main task is to move the orchids, dismantle the shade house and clean up the site at Colonel Light Gardens, and deliver everything to Torrens Island.

At Torrens Island we will be preparing the site and shade house frames for assembly. We have 3 shade houses to put up so there is plenty to do while we wait for the orchids.

If you have not been before please arrive at the gate at 9.30 so that we can show you the ropes and guide you in. Those that have been are able to start any time from 9.30 but please let me know you are attending by the 25th so I can put your intended attendance into security. People are able to leave earlier than 2.30. Book with nossa.seeds@gmail.com We can accommodate times suits you. Please BYO any food and drink you need for the day. A pair of gardening gloves could help your hands, mosquito repellent for the mozzies and sun protection. **We would love to see you, and show you around if you have not been before.**

Can you help?

We have someone very interested in getting a copy of **The Orchids of Tasmania** by David Jones, Hans Wapstra, Peter Tonelli and Stephen Harris (Miegunyah Press, 1999;
